

About the Course

Rejuvenation of the Aging Face

The Educational and Research Foundation for the American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS Foundation) presents this unique course which will showcase the knowledge and expertise of experienced surgeons from the specialties of facial plastic surgery, plastic surgery, ophthalmology, and dermatology. Trend setting techniques in eyelid surgery, brow, forehead, and face lifting, laser resurfacing, rhinoplasty, implants and fillers will be addressed. Edited surgical videos will be incorporated throughout the course. A live demonstration of different fillers will take place as well.

Target Audience

The course is offered for continuing medical education of medical students, residents, fellows, and practicing physicians (MDs and DOs) in the field of facial plastic and reconstructive surgery. The program is for physicians with all levels of experience and covers aesthetic, reconstructive, and congenital issues relevant to this specialty.

Learning Objectives

- At the completion of this symposium, the participant should be able to:
- understand the relevant factors involved in patient selection for facial rejuvenation surgery;
- discuss the various techniques available for facial rejuvenation;
- contrast traditional and contemporary methods for lifting of the brow, mid-cheek, face and neck;
- differentiate between the various injectable filler materials.

Accreditation and Credit Designation

The Educational and Research Foundation for the American Academy of Facial Plastic and Reconstructive Surgery is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The AAFPRS Foundation designates this continuing medical education activity for 33 credits in Category 1 of the Physician's Recognition Award of the American Medical Association.
