Vail, Colorado

Co-sponsors: American Academy of Facial Plastic and Reconstructive Surgery

About the Symposium
Welcome to Vail and the Latest Advances in Facial Plastic Surgery! We have gathered leading faculty from the fields of facial plastic surgery and ophthalmic plastic surgery to provide a cutting edge program that we feel will create a stimulating learning experience. Program chairs have assembled an extensive program designed to make the learning experience as stimulating as the location. And that is quite a feat, because this is no ordinary location. This informal setting provides attendees the opportunity to delve into controversies, learn about the latest advances and get the real scoop from the leaders in the field. The location simply cannot be beat. The Vail Mountain Resort and Spa is one of the premiere ski resorts in arguably the best ski location in the country.

Accreditation and Credit Designation
The Educational and Research Foundation for the American Academy of Facial Plastic and Reconstructive Surgery is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The AAFPRS Foundation designates this continuing medical education activity for 21 credits in Category 1 of the Physician’s Recognition Award of the American Medical Association.

Learning Objectives
At the conclusion of the course, participants should be able to:

- Discuss and analyze the latest trends, techniques, devices and fillers available for facial plastic surgery;
- Assess the different perspectives presented by the various specialties;
- Assemble knowledge of what is new and what is reproducible to enhance his/her abilities and practice;
- Assimilate knowledge of different practice management techniques that will enhance the quality of patient care and the delivery system of the individual specific practice.
