

2014 Annual Giving Report for the AAFPRS

Mission

In 1974, the Educational and Research Foundation for the American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS Foundation) was created to foster, promote, support, augment, develop, and encourage investigative knowledge and charitable and humanitarian application of facial plastic and reconstructive surgery.

General Overview for 2014

The Foundation raised in cash \$1,032,990.42.

The Many Faces of Generosity - Facing the Future and Beyond Capital Campaign continues to collect payments from pledges totaling \$4 million.

Annual Gifts continue to be received even though commitments to the campaign are being fulfilled.

The Foundation had 265 donors - 148 individuals (more than half of our donors) rose to the occasion and became 1887 members. An 1887 member recognizes individuals and organizations whose philanthropic commitment to the AAFPRS Foundation is \$1,000 or more (actual cash donations) during fiscal year 2014.

An Annual Fund generates money the AAFPRS Foundation can count on each year. An Annual Fund is...

- ▷ The cornerstone of a comprehensive development program
- ▷ Separate and distinct from money raised for a Capital Campaign/Endowment

The Annual Fund raised (cash only): \$427,302.20

The Capital Campaign raised (cash only) from pledges: \$605,688.22

How Your Annual Gifts Make All the Difference

- Recognizes and grants monetary awards to outstanding authors of research papers in facial plastic and reconstructive surgery
- Expands Archives of Facial Plastic Surgery to six issues a year instead of four issues
- Residents and Fellows receive the Archives of Facial Plastic Surgery for free
- Keeps operating costs of the Foundation down
- Allows nurses and surgical assistants to travel on FACE TO FACE: International missions
- Assists survivors of domestic violence to reclaim their lives by having a toll free number for them to call
- Encourages the collecting of historical memorabilia instructive on the subject of the development of facial plastic surgery
- Supports Fellowship training grants

How Your Campaign Gifts Make All the Difference

- Educational Excellence-The New Face of Education for the Next Generation
Implementation of the LEARN Portal
- Research - Changing our culture through Research and Evidence-Based Medicine
Providing three NEW Research grants
- Humanitarian Programs-Launching FACE TO FACE TO New Heights

2014 Annual Giving Report for the AAFPRS

Distinguished 1887 Member Award

In 1887, the first credited intranasal rhinoplasty was performed in the United States. 1887 members are individuals and organizations who's philanthropic commitment to the AAFPRS Foundation is \$1,000 or more during a fiscal year.

The 1887 award is presented to those who have gone the extra mile for the Development Office. They have helped the annual giving fund and participated in activities that would not have been the same without them. **The 2014 recipient is Steven H. Dayan, MD.** Past recipients of the distinguished 1887 Member Award include:
